Installation Manual for "KEW PQA MASTER"

This manual contains explanations how to install the special application and the USB driver on Windows 8 PCs.

1. Installation of KEW PQA MASTER

- (1) The following should be checked before installing this application.
- To prepare your system for installation, please close all open programs.
- Be sure NOT to connect the instrument with the USB until installation completes.
- · Installation shall be done with Administrator right. (2) Insert the CD-ROM in your PC's CD drive. Then following pop-up will appear at the upper right on the screen. Left-click on this box.

(3) Click and select "Run install.exe" when the following box appears.

If User Account Control dialog box appears, click "Yes".

If neither (2) nor (3) appears, run "install.exe" from the CD.

(3) Select "Browse my computer for driver software".

(4) Check the box for "Include subfolders", and then click "Browse" .

(4) When the following window appears, click "Next".

(5) Read through and understand the License Agreement and click "I accept....", and then click" Next".

(6) Click "Next" after entering the user information and other supplementary information.

Please enter your information.
